

## The Game of Life

Leaders & Parents,

August 30, 2021

By now, everyone knows that due to the storms & flooding (mostly in Haywood County) and damage to our own CDB, a decision was made to close CDB to program, activities & training for the next 3 months. Therefore, we have moved our Game of Life event to Camp Stephens (Clayton Rd....between Brevard Rd. & Long Shoals Rd.)

Our first Game of Life (last October) was very successful, even though the Covid epidemic took a toll on our attendance. Those participants that did attend had an awesome time & received an abundance amount of life skills that they can use forever. We will still practice Social Distancing and other safety issues at ALL times throughout the weekend keeping safety a primary concern. We will be following CDB's Summer Camp Safety Protocols as well as the NC Governors & DBC Executive Boards Mandates at that given time.

Participants & Staff will wear mask (at least inside the building) & we will make the call (depending on local/state & DBC Regulations at that point & time).

-Bring mask, personal hand sanitizer, your Personal Medical Form (Parts A & B) & your Covid-19 Release Form. [Medical Form A & B Link](#).
